Commonly Used Records

| Record Name | Record Description | Description/Primary Use | Key Info/Example Data | Tips | Setup Table? |
|-----------------|---|---|---|---|--------------|
| NW_ADM_TGS_RPT | The Graduate School Admissions Reporting Table | This is a custom table created specifically for end-user reporting in relation to TGS (The Graduate School) Admissions data . This table is refreshed on a nightly basis. | Key Demographic Data, Admissions Application #, Admission Decision Info, Citizenship, Ethnicity, Test Scores, Program, Plan | This table contains all TGS applicants going back several terms, so be sure to use the appropriate criteria such as Term, Emplid, Admit Decision, etc | |
| NW_MEDIL_REPORT | Medill School of Journalism Admissions Reporting Table | This is a custom table created specifically for end-user reporting in relation to Medill (School of Journalism) Admissions data . This table is refreshed on a nightly basis. | Key Demographic Data, Admissions Application #, Admission Decision Info, Citizenship, Ethnicity, Program, Plan | This table contains all Medill applicants going back several terms, so be sure to use the appropriate criteria such as Term, Emplid, Admit Decision, etc | |
| NW_MUSIC_REPORT | School of Music Admissions Reporting Table | This is a custom table created specifically for end-user reporting in relation to the School of Music Admissions data . This table is refreshed on a nightly basis. | Key Demographic Data, Admissions Application #, Admission Decision Info, Program, Plan | This table contains all School of Music applicants going back several terms, so be sure to use the appropriate criteria such as Term, Emplid, Admit Decision, etc | |
| NW_PERS_NMNIDVW | Personal Data View - Name & ID Only | This view of the Personal Data table pulls only Name and IDs | Emplid, Name, National ID (SSN), CampusID (NetID) | Use this table instead of NW_PERSDATA_VW when you only need name and emplid | |
| NW_PERSDATA_VW | Personal Data View | This view pulls NU applicable student biographical data from PERSONAL_DATA as well as NW phone and ethnicity detail | Name (first, last, middle), Address, Phone, Birthdate, Gender, Marital Status, Ethnicity | This is the preferable point of access to bio/demo data for students when writing your student-related queries | |
| NW_SF_ACCTG_LN | SF Account Activity Detail | This table contains detail of the monthly account activity feed to the Financials system (currently CUFS), captured a month at a time | GL Data, Item Nbr, Acct Date, Jrnl Date, Monetary Amount, Emplid | This data is captured (inserted) once a month, typically at the beginning - See Accounting Date | |
| NW_SF_REPORTING | Student Financials Reporting Table | This is a denormalized table created by NU specifically for Student Financials reporting purposes as it relates to an individual student | Emplid, Name, National ID (SSN), Career, Program, Plan, SF Account Info, | Contains one row per Student; Joins well with the multiple-row per student account activity table(s) | |
| NW_UG_STAT_REPT | Undergraduate Admissions Reporting Table | This is a custom table created specifically for end-user reporting in relation to UGRD Admissions data . This table is refreshed on a nightly basis. | Key Demographic Data, Admissions Application #, Citizenship, Ethnicity, Admission Decision Info, Program, Plan | This table contains all UGRD applicants going back several terms, so be sure to use the appropriate criteria such as Term, Emplid, Admit Decision, etc | |
| PERSONAL_DATA | Personal Data | Main record for student data. Contains basic personal information. There should be only one personal data record/emplid per person in the database. | This table contains all biographical data related to a person (student), including NetID | This table contains 136 columns, many of them HR related, thus not helpful for student info. See NW_PERSDATA_VW | |
| STDNT_AWARDS | Student Awards | Main record containing data related to student financial aid award data. | lists award amounts (offered, accepted, disbursed) usually by aid year, acad career, item type and then emplid. | Multiple Rows per Student; be sure to use Term or Emplid Criteria | |
